Huaxin Cement Co., Ltd.
Announcement on the Operation and B to H Plan

To the best of our knowledge, the Board of Directors of the Company and its members confirm that there is no material false or misleading statement or material omission in this announcement and shall be severally and jointly liable for the truthfulness, accuracy and completeness of its content.

The B to H conversion plan of Huaxin Cement Company has been approved by CSRC and the listing hearing of Hongkong Stock Exchange. It is in the phase of cash option and overseas investors can choose cross-border transfer. To ensure the success of the plan,

Huaxin has developed C180 UHPC, which was used in Shanghai bridge projects.

2.

IV. Significance of B to H plan

Considering the liquidity of B share and the necessity of international development of Huaxin, Huaxin decided to convert B share to H share. After the conversion, the trading of H share will be active; and it will further improve the corporate governance structure, accelerate the globalization, widen the brand popularity and influence, elevate the overseas capital operation and leverage on overseas capital resources and market stimulus to reinforce competitiveness. B to H plan accords with the strategy of the company and is beneficial to the long term development of the Company.

Huaxin hopes that investors can fully acknowledge the competitiveness and potential of growth of Huaxin Cement, support the B 2 H plan. The company will be committed to operate enduring business with a persistent will and pay back investors with excellent performance.

It is herewith announced.
